***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

In light of the certified English translation, which was submitted on 9/12/06, of the priority Japanese Application No. 2002-316397 filed 10/30/02, the U.S. Patent Application Publication No. 2003/0032210 to Takayama is removed as prior art. Accordingly, all claims are allowed over prior art of record because the prior art does not teach or suggest the claimed subject matter as a whole which includes the step of removing a portion of the metal layer formed over a peripheral portion of the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
